

March 14, 1957

Dear Folk Dancers,

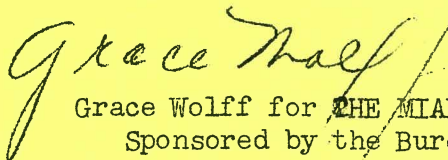

By now many of you know that David Rosenberg has been incapacitated due to a recurrence of a car accident injury. We are all sorry that this misfortune beset Dave, but we are also indeed very happy that he is recovering and is beginning to assume his normal activities once more. Since a long trip and a strenuous week-end will not aid in his recovery, however, it is necessary to cancel that much talked of, much planned for, and long awaited week-end with David Rosenberg and Nancy Kane which was to have been March 30 and 31.

They are planning to come to Dayton sometime during the fall or winter. We will keep you posted and when they do come we will really live it up!

You have been such a wonderful group and we mean all of you. So many of you have come to make our week-ends successful and happy occasions. Many of you who could not come have written to wish us well or to say you liked the designs, always wishing you could be here and making us wish that we could fly all of you here and back again (if only Burkhardt could hold us all). Thank you everyone.

We wish you a happy summer with many renewed friendships through happy dancing. Remember we dance every Thursday at 8 at Burkhardt Center until June when we will be dancing on the same evening at Community Club Pavilion, 2560 Berkley Avenue. In mid September we will return to Burkhardt. Why not plan your trips so that you can stop to dance with us Thursday evenings.

As always yours for more fun folk dancing,

Grace Wolff for THE MIAMI VALLEY FOLK DANCERS
Sponsored by the Bureau of Recreation
Dayton, Ohio
