Recommendations from the Kitchen Committee for Ethnic Sundays

Kitchen Door locked, have members and guests enter from side doors.

Chairman of Ethnic Sunday provide tables for table service of members.

Have all remove wrappings from covered dishes, then place dish on service counter.

Please, Please, have your food fully prepared before bringing to club, oven has only one rack, and it is not fair to others for any dish to have to remain in oven at a higher temp. needed for complete cooking.

Also, please use crock pots or electric skillets if possible, there just is not enough room to put all dishes in the oven.

If additional ~~preparation is needed, please~~ preparation is needed, please notify kitchen committee, and then prepare it outside of the kitchen. The kitchen is small, also, we must move around large trash containers and kitchen committee is unable to work efficiently in a cluttered kitchen.

Also, after dinner is over, please, ~~put~~ remove your own covered dish from the table and put away, also, be sure you have picked up any service spoons that you have brought. Many times, dishes and food remain on the service counter, and kitchen committee is unable to clean up.

Suggest that chairman of Ethnic Sunday have a table away from the service counter for name tag file, literature, etc. so that service counter is free for food only.

Rose Anna Mills
Jewel Steed
