

BALKAN WEEK-END

If you haven't signed up for the week-end(March 21 and 22)PLEASE do so tonight. John Pappas informs me that Dennis Boxall is an extremely talented teacher bringing authenticity(he's traveled and lived in the Balkan villages)and styling to his instruction. This will certainly be a highlight in your folk dance life! So please see Sam Ballinger before you leave.

TRI-CITY

Keep April 11 open for this event in Columbus.

ETHNIC SUNDAY

Sixty people were in attendance this past Sunday for the Italian theme. Madge Hart did an excellent job of organizing, and we thank all the teachers . . . Lou Hyll, Bruce Cantrell, Charlie Castellano, and Madge herself. In an effort to familiarize all to the dance names(those being taught)the program committee has a device in which the name of the dance is displayed on the railing of the bandstand. Look for it tonight at the 9:00 teaching session. Rose Anna Mills prepared a savory meal of spaghetti and meat sauce. (When bringing your table service next time be sure to include cups as the club does not provide cups on Sundays). After dinner an Italian friend of Elaine Zambon's serenaded us with some songs of Italy giving our day a true flavor of that country.

April's theme will be Balkan in accordance with the workshop, and Bessie Lee Shropshire will be in charge.

Vera Pacey, our contact with the Dayton Recreation Department re-tired in February. The Miami Dance Council had a brunch for her, and Lou and Nancy Hyll went as representatives from our club. They reported that it was a very nice affair.

If you have any news worthy items that you would like to see published, please contact Pam Gilbert, our Promotion chairman.

On March 28 the people who danced in Kettering's Holiday-at-Home last summer will be performing at Bellbrook's Sugar Maple Festival.

Personal Notes:
