

SPECIAL MEETING MVFD COUNCIL

A short meeting of the M.V.F.D. Council was held at 7:30 p.m., February 11, 1982 at Solomon Pavilion. All members were present.

Sam reported Mark Shaner had requested membership as he has attended more than the required 20 times, altho due to his work, they have not all been classes. Council agreed.

John advised that the American Field Service would like our club to perform in Centerville for their exchange students at a dinner on March 20. It was agreed to present this before the entire membership and if enough interest was shown, we would have the Program Committee take charge.

Vera Fisher suggested we have a square made up with the design Adelle Nellis made for us. This cloth square would be placed on the one wall of the Pavilion along with those of other clubs to replace the one we now have up, which Vera had to make hurriedly. Council agreed this should be done.

John informed us that we have been given permission to play records for participation dancing at the International Festival. This would be at the Informal Stage when no entertainment is scheduled.

Respectfully submitted,

*Marjorie Darragh*
