Dear Gene -

Thank you for sending John & me the MFD invitations. I haven't danced for at least 20 years, & perhaps won't know anyone there, but I would love to come. John isn't really interested, so he won't accompany me that afternoon.

You have been "on the backroads of my mind" many times this year. I have been so busy that I haven't had much time for personal business. I finally got my sister's legal affairs settled in May. The old home place was sold & settled a civil suit. I had to empty the house, & building, & nothing had been sorted for over 50 years. Ellen is up in a nursing home.

I hope your summer has been great. It is always so nice to hear from you!

Love,
Lois
