Dear Club Representative,

We continue hearing favorable comments about the "Dayton Show" at Cincinnati last May. People still wonder how we produced so many flowers and how we could have so many people who were willing to participate. It was only through the cooperation of all the Council clubs that this was possible. We appreciate the efforts of everyone involved.

To realize our goal of "Dayton's Great in 88", many more actions will be required between now and final completion of the Dayton-hosted 1988 Ohio State Dance Convention on May 6, 7, & 8. To assure that these actions are accomplished, it is necessary that we all understand what is required and who is involved. The purpose of this and subsequent letters will be to keep you and your club members apprised of actions required and the status of their completion.

We are planning to recognize the efforts of the individual volunteers participating. In the past, only a few of those close to each activity were aware of the effort expended. We believe that quite often the clubs were not fully aware of the extent to which members participated. When planning a venture such as a State Convention, more refined planning can be executed if we have statistical historical information.

In order to do this, we need a membership list from each of the clubs. (We are not asking for addresses or telephone numbers). Just the names of the members.

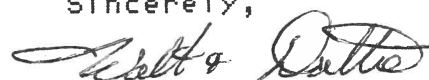

The names will be put on a computer and we will immediately begin making analyses (for example, how many clubs do each of the individuals belong to, how many total dancers exist in the Council at this time, etc...). We will record the amount of effort that each individual expends.

The list can only work well if all the information is in the computer. Periodically we will provide our list to you and we will ask that you review the list to give us the changes to keep it current. (For example, class graduation, etc...).

Attached for your convenience is a form to use to provide us the membership list. We would appreciate return of the form within a month.

Happy dancing.

Sincerely,

Walt & Dottie Wilson
