10. 7,8 NOV 92 - Annual workshop with special guest--DON'T MISS THIS.
11. 31 DEC 92 - New Year's Eve Dance at Solomon Pavilion.

First a little review -- the Bulgarian workshop with Petar Iliev was a tour de force of terpsichore; exhilarating and exhausting. However, we lost a few shekels on this project.

From all reports I have heard, Tri-City was a very nice event. Sorry I missed it. And it looks as if we had a small profit to boot! This event points out the strength in our organization and the capable people in it. I was chairing it and then discovered that a prior Spring trip was right in the middle of it. So Lorraine Fortner was tasked with the chairmanship of Tri-City until she was offered a trip she could not refuse. Finally, Leslie Hyll took over and finished the job. All this within the final two weeks!! Thanks to all of you who helped out.

The open house on 21 May is an important event of our group. This is our life line to the outside world. We usually gain a member or two each time. Please take a flyer, give to a non-dancing friend, and bring them with you that night.

If you are interested in item 5 above, please see Ray Gottschall. If you are interested in item 9 above, please see Ann Mosconi. These two individuals worked very hard at making the Bulgarian workshop the success it was.

I can't tell you who our special instructor is for item 10 above, but the initials are "R C". Or is it "D C"?. At any rate, don't miss it!!!

Which leads me to item 11. 31 December 92 falls on a Thursday this year, which gives us the opportunity to dance the new year in at our favorite dance hall. The MVFD council is asking you for ideas to make this special event even more special. To that end, would you please return the bottom portion of this newsletter to any member of council before 27 June 92?Thanks.

I would be interested in the following for New Year's Eve:

1. Live music, open to the public, charge admission.
2. No change from previous years.
3. Bring in ping pong table, card tables, darts, etc.
4. Joint dance party with some other group.
5. Other: _____
