# 19th International Friendship Affair

For almost two decades, Wright State University, through the University Center for International Education, has hosted the International Friendship Affair, a wonderful event through which the Wright State community, as well as members of the Dayton community have been able to share experiences with our international students. Presently, the university has students from over 70 countries from around the globe.

The International Friendship Affair gives everyone the chance to "visit" for a short while different parts of the world, and hear first hand about the culture of those distant places.

To parallel Ohio's Bicentennial Celebration, the 19<sup>th</sup> Annual **International Friendship Affair** (IFA 2003) will focus on national milestones in each one of the countries represented.

The fun will begin with an exciting Flag Parade, with the international students as flag bearers

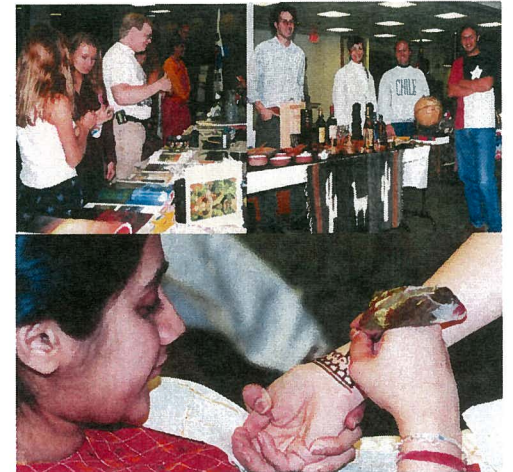

followed by performances from local dance groups

and the international students themselves sharing their talents and cultures

Attendees will also have the opportunity to admire the booths proudly put together by WSU international students,

and also to taste delicious ethnic food

**You don't want to miss it!!!**
