

Michael Solomon Pavilion 2917 Berkley Street Dayton, Ohio 45409

November 18, 2003

Dear Ed:

At the November 9, 2003 Council meeting of the Miami Valley Folk Dancers, Council members discussed the recent improvements made to the exterior of the Michael Solomon Pavilion. Specifically, it was noted that you almost single-handedly prepared and painted the Pavilion. This was a monumental task which required much of your own time over the course of several weekends. What was also remarkable was that you undertook this task without the widespread help of other dancers with the exception of your wife, Leslie, and MVFD member, Bill Vernon.

The Council of the Miami Valley Folk Dancers would like to take this opportunity to acknowledge your ongoing vigilance and hard work in taking care of our home base, the Michael Solomon Pavilion. This building would certainly not be in such good condition without your constant supervision. We especially appreciate your skillful completion of the Pavilion's recent paint job.

Thank you Eddie for all the time and effort you continue to put into the care and maintenance of our wonderful dance facility.

Sincerely,

Harry Khamis
