Dear Ms. Schaffner,

The **Miami Valley Folk Dancers** would like the opportunity to dance on the informal stage at the World A'Fair 2007. As in the past, our program would consist of a short demonstration of dances from around the world, followed by audience participation.

Many of our members dance with other participating groups on the formal stage, including Scotland (set dances), Poland, and South Slavs. Therefore, we would be most appreciative if those who do the scheduling would try to avoid conflicts where possible.

We would also like to request a table in the lobby from which we could distribute literature about the **Miami Valley Folk Dancers** and international folk dancing in Dayton.

Thank you for considering our request. The **Miami Valley Folk Dancers** have very much enjoyed participating in the World A'Fair for the last several years.

Kind regards,
